

Xerox® DocuMate® 152

One Touch Makes Your Paper More Productive

- Convert documents into searchable PDF files with one touch
- 9 Visioneer OneTouch® pre-programmed “scan-to” destinations
- Kofax VRS technology delivers perfect scans from imperfect originals
- Scans documents at 18 pages per minute/36 images per minute*
- Compact Duplex Scanner with 50 page ADF capacity**

*200 dpi, black & white

**20 lb., 75 g/m² paper

Productivity at your Desktop

The Xerox® DocuMate 152, color sheetfed duplex document scanner, scans up to 18 pages per minute (ppm) and 36 images per minute (ipm), includes a 50-page automatic document feeder and has the ability to automatically scan documents in searchable PDF files. The Xerox DocuMate 152 is designed specifically for desktop use and incorporates Visioneer OneTouch® technology for eliminating multiple steps in sending scanned documents to predetermined applications or devices.

The DocuMate 152 offers a professional software bundle that includes Nuance PaperPort® and OmniPage® Pro. It also comes with an advanced TWAIN driver to enable communication with advanced electronic content management (ECM) software applications.

Scanning at the Touch of a Button

Do you want to do more with the paper on your desk? Would you like to copy it, collate it, file it, search it, mail it and make it disappear? Sounds time consuming doesn't it? How about if you could do it all with just one touch?

The DocuMate 152 is powered by Visioneer® OneTouch® technology to scan documents using nine preset buttons for your most common destinations, yet they are completely configurable. This enables your document to be scanned with the proper settings for resolution, colour, duplex, auto-crop, auto-straighten, file format and then delivered to virtually any application, folder or device — at the touch of a button!

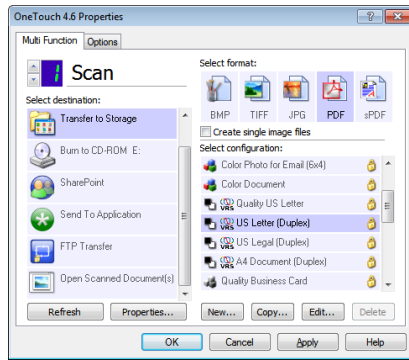

Perfect Scans from Imperfect Originals

Visioneer OneTouch with Kofax® VRS™ (VirtualReScan®) technology is integrated into the scanner driver so that you get perfect scans from imperfect originals. VRS also eliminates the need to rescan documents through automatic cropping, straightening, brightness control and edge clean-up. All this is integrated into Visioneer OneTouch so your entire scanning requirements are achieved at the touch of a button.

Most new users in document imaging are not scanner experts, so simplified, point-and-click solutions that deliver high quality images and integration with business applications are essential.

Xerox® DocuMate 152

Visioneer OneTouch

Visioneer® OneTouch® is an easy to use utility that connects the buttons on the DocuMate® scanner with a powerful set of scanner settings to greatly improve the efficiency of your workflow — so that with one touch, the document is scanned automatically to email, or Word, or your printer, or simply a file folder.

In addition to scanning direct to all popular destinations, Visioneer OneTouch also links the DocuMate 152 with industry-leading document management software, such as Microsoft® SharePoint and Xerox DocuWare® — forming an easy to use workflow from paper to a selected destination. A Software Development Kit (SDK) is also available which provides the ability to develop specific links and integrate them into the Visioneer® OneTouch® control panel quickly and easily.

Kofax VRS technology

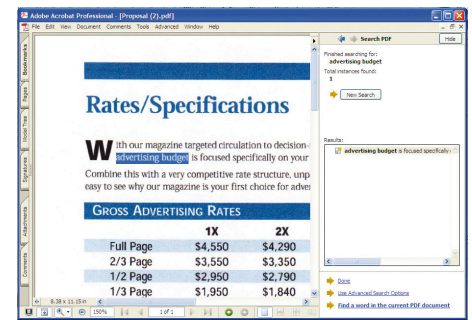

The Xerox DocuMate 152 integrates Kofax® VRS™ image enhancement technology into the OneTouch® scanning process. VRS is the gold-standard in image improvement technology. Imperfect originals are automatically turned into perfect scans that are easier to read for the human eye and the computer's eye. OCR results are dramatically improved, file size is decreased and scans look as clear as the originals. And every page is custom corrected automatically so you can batch together clean, laser quality documents with your imperfect originals. The results are amazing.

Nuance OmniPage Pro

Provides a precise OCR and layout retention solution, quickly turning scanned documents into editable, formatted text. The text can then be used in virtually any word processing, desktop publishing or web publishing program.

Text Searchable PDF

Transform volumes of paper or photos into organized digital files that can be quickly found, used and shared. In PDF format, the user can instantly search documents for keywords or phrases. This provides additional archival benefits beyond traditional storage, and the widely accepted PDF format lets everyone view and print documents — on any computer.

Nuance PaperPort®

Millions of professionals rely on PaperPort® to save time and money by transforming paper documents into searchable digital documents. PaperPort combines the efficiency of document management, the convenience of superbly scanned documents and the power of creating PDF files, to bring a new level of operational proficiency to you organization.

DocuMate 152 Product Specifications

Model Number	XDM1525D-WU
Scan Speed	18 ppm simplex / 36 ipm duplex @ 200 dpi, Black & White 18 ppm simplex / 36 ipm duplex @ 150 dpi, Color
Optical Resolution	600 dpi
Output Bit Depth	24-bit color, 8-bit grayscale, 1-bit Black & White
Scan Method	Fast Duplex Sheetfed
Interface	Hi-Speed USB 2.0 (USB 1.1 compatible)
Dimensions	12.1"(w) x 6.3"(d) x 5.5"(h)
Weight	5.9 lbs
ADF Maximum Document Size	8.5" x 14"
ADF Minimum Document Size	2.5" x 2"
ADF Capacity	50 sheets (20 lb. paper)
Duty Cycle	2500 pages/day

Minimum System Requirements

- Pentium IV or equivalent
- Windows® 7, Vista®, XP SP1 & 2 or 2000 SP4
- 512MB RAM (1GB for Windows 7)
- 350MB free hard disk space
- DVD-ROM drive
- Available USB Port

Contents

- DocuMate 152 Scanner
- Power Supply
- USB 2.0 Cable
- Quick Install Card
- Technical Support Card
- DVD-ROM including:
 - User's Guide
 - Scanner Driver (TWAIN & WIA)
 - Nuance PaperPort
 - Nuance OmniPage Pro
 - Visioneer OneTouch with Kofax® VRS™ Technology
